ANUP GANIGER

Hacker Developer Researcher

ABOUT ME

My name is **Anup Ganiger**, a cybersecurity specialist with expertise in ethical hacking, penetration testing, security auditing, WAPT, and VAPT. I am the founder of HackerHub8, a community dedicated to empowering cybersecurity professionals and enthusiasts. With over 95,000++ followers on Instagram, I share insights, tutorials, and the latest trends in cybersecurity, combining education and mentorship to inspire the next generation of ethical hackers. Passionate about building a secure digital future, I specialize in simplifying complex concepts, mentoring aspiring professionals, and delivering practical solutions to enhance digital security. Let's connect to collaborate and strengthen cybersecurity together.
